Today the tamariki made wool and silk felted eggs! They had to design their egg, then lay out pieces of fibre to replicate their design. To felt the fibre together they covered the egg with soapy water. Then squished, squeezed, and scrubbed until their egg was a smooth felt. The end result was beautiful unique eggs for everyone to take home. We also did some writing about the whole process. Overall a very successful day!

Excellent writing today from this young writer who built a model of the Titanic, told me all about it, and wrote a very good story as well. He has been learning about it with his Mum.

This is the day they will find out who their teacher is and what classroom and house they will be in.

Kia ora Parents, Caregivers and Whanau,

With less than three weeks of school left, it is vital we keep up to date with what our tamariki are involved with.

There are several major events happening this week to be aware of.

Te Ra Ngahau.

Last week our roopu performed at Taumata School and represented Tūtarawānanga splendidly. A huge mihi to these students, kaiako, kaimahi and kaiawhina who supported before, throughout and after the event. We look forward to more performances in the future.

West Cluster Athletics.

Congratulations to all students who took part in this event yesterday. There were some excellent results and some impressive performances. We look forward to celebrating those successes at upcoming hui.
