

12 August 2020 Term 3 Week 4

Tena Koutou Parents, Caregivers and Whanau,

ALERT LEVEL 2

As of 12pm today, Merivale School is in Alert Level 2. This means that the school will be again following Alert Level 2 rules as directed by the Ministry Of Education.

To remind our community again of Alert Level 2 rules, they are as follows:

- Please stay home if you are unwell. School is open for instruction therefore students who are not sick must be attending.
- Safe hygiene practices must be followed when at school - washing hands regularly, coughing etiquette and distancing when possible.
- **No one is permitted on to school grounds** with the exception of students and staff. **All visitors**, including parents, caregivers and whanau, must check in at the office on arrival.
- When dropping off or collecting children, please wait in your vehicle or if on foot, waiting at the front entry of the school maintaining a safe distance from others.
- If you have any concerns we encourage you to contact the office.

In addition to the existing rules, face masks may also be worn at school. If you wish for your child to wear a mask, please provide them with one. Sanitiser will again be placed at each entry of the school and made available for all

rooms. Signage will also be displayed to remind visitors of school operation.

We thank you again for your support during this time. Please refer to our school website and facebook page as these will be updated as new information comes to hand. Be kind, be safe, be vigilant.
